

RATE INCREASE

Date _____

Dear Parents,

We are always striving to improve the child care center. There are several things that we have done to help make the operation one of the best. We are achieving our goals by hiring employees that really understand how children grow and learn, improvements in the center, purchasing new educational materials and activities for the children. We also stay in compliance to pass inspections by the Department of Family and Protective Services, Fire Department, Health and Sanitation and the Federal Food Program. All of this is helping make the care your child receive the best it can possibly be.

In order to maintain the quality of care we provide we must increase the weekly tuition. I appreciate your understanding of why the rate increase is necessary. If you have any questions or concerns, please feel free to contact me.

Thank you for allowing us to be a part of your child's life.

Thank you
